Resources and Services
The main concepts

**Library** is not a reading-room. Reading rooms and the Lending department are in the Library.

**Publication's Call No.** indicates publication's place on the Library shelves.

**Lending department** is a department from where you can take publications home.

**Book, scientific journal, scientific article** are not the same thing. These are the types of publications.

**Monograph** – a scientific publication of one or several authors, where a specific problem or theme is being analysed.
The main concepts

Plagiarism – appropriation of work or creative thought, the release of that work in his own name

Plagiarism is a situation when references and citations are not being given or being given incorrectly

• Citation – a quotation from or reference to a book, paper, or author, especially in a scholarly work (quotation marks are required; you have to indicate the original work)

• Paraphrase – a rewording of something written or spoken in your own words (quotation marks are not required; you have to indicate the original work)
The Lending department

- You can borrow books, other publications and take them home from the Lending department.
- The Library’s fund is open access in the Lending department. Users search for the books by themselves.
- When taking books home, you must register at the Information or using the self-check-in machines.
The Lending department

Here you will find:

**Coursebooks** (handbooks, textbooks):
- can be taken home for a semester

**Monographs:**
- can be taken home less than for a semester

Look for a Call No. in the Library’s electronic catalogue ALEPH before looking for a book on the shelf
Coursebooks=Textbooks=Handbooks

Are in:

• The Lending department (you can take them home)

• The Reading-rooms (for reading in the Library)

• The electronic books platform MRU eBooks
The Lending department: users‘ service

• You need a document for borrowing books. Give it to the Library‘s employee at the Lending department, when taking books home:
  ✓ Student ID
  ✓ Personal ID

  You‘re welcome to use the self-check-in machine when borrowing books

• Bachelor students can borrow 20 books at once, master students – 30

• If a reader doesn‘t return 3 or more books on time or the fee for the late return of taken books exceeds 9,90 €, lending of other books is blocked automatically
The Lending department: users’ service

- The date of publication‘s return is in the check of a lending or you can see this information in your Library’s electronic catalogue account
- Library‘s information is sent to students‘ MRU e-mail boxes
- If a book is lost or damaged, the user must compensate a loss according to MRU Senate‘s documents
Fee for the overdue books

- Fines for overdue books are started to calculate from the next day, when the returning term of the book has expired:
  - if the book is checked out until the end of the semester, the fine is 0.05 EUR for each working day that the book is overdue
  - if the book is checked out shorter than the semester, the fine is 0.10 EUR for each working day that the book is overdue

- The fee counting ends only when the book is returned. In order to avoid misunderstandings, please pay the fine and bring the receipt to the Library employee at the Lending department

- If the fee for the overdue books exceeds the amount of 9,90 €, further borrowing of books is blocked

- Information about the books taken from the Library and fees is at [http://mru.library.lt](http://mru.library.lt) by logging in to the system
Reading-rooms

• Books from the Reading-rooms are not for taking home. Read them only in the area of the Library.

• Users search for the books on the shelves by themselves.

• Keep silence in the Reading-rooms, don’t forget to cut down the volume of the mobile devices and don‘t disturb the others.
Remember!

Books could be taken home only from the Lending department and Repository.

Don’t take books home from the Reading-rooms. Those books can only be used in the area of the Library.
