

Internship in Credit Control team (part-time)

Outokumpu Global Business Services in Vilnius is offering a paid internship in our Credit Control team within Finance department. This is a part-time opportunity for a schedule of four hours.

During this internship you will learn to perform a variety of Credit Control tasks within a multi-cultural environment – and equally important – you will become a part of an energetic, supportive, and fun team that will make this experience even more valuable!

Main responsibilities

- ✓ Monitoring overdues and late payments (data analysis)
- ✓ Investigation of underpayments and overpayments received
- ✓ Communication with customers via emails
- ✓ Reviewing credit limits and performing quality check
- ✓ Assisting with debt reporting statements
- ✓ Assisting with financial analysis of the customer's interim accounts

Requirements

- ✓ Studies in Finance / Economics / other related fields
- ✓ Written and spoken English language (level B1-B2 and above)
- ✓ Good communication skills
- ✓ Detail-oriented and problem-solving approach
- ✓ Knowledge of Excel

Training and support will be provided. If you are self-motivated and willing to learn, during this internship you will certainly gain useful knowledge and experience for your future career.

Outokumpu offer for students – Paid internship with additional benefits

- ✓ Work experience in an international company
- ✓ Remote / hybrid work possibility
- ✓ Flexible working hours
- ✓ Lunch card
- ✓ Accident insurance
- ✓ In some cases, possibility to be offered a permanent position

Outokumpu is the inventor of stainless steel and has a century's expertise in making advanced materials. As a global leader in stainless steel, we care for the environment – over 90% of our production is made of recycled material and our carbon footprint is 70% smaller than the global industry average. Our production sites located in Finland, Germany, Mexico, Sweden, the UK and US together with a worldwide network of sales companies and service centers employ some 9,500 professionals in more than 30 countries.

Vilnius Global Business Services centre employs 200+ employees supporting various business functions: finance, procurement, HR, IT and administration (no steel production sites are located in Lithuania).
