

KAMILYA T.

Study cycle: **MA**

Subject area: **European Union Law and Governance**

Faculty in the Institution: **Law School**

Mobility activity for traineeships at “**Catapa vzw**” **Comité Académico Técnico de Asesoramiento a Problemas Ambientales Vereniging Zonder Winstoogmerk, Belgium**

I would like to thank Mykolas Romeris University and Erasmus+ Traineeship programme for providing me with the opportunity to undertake an internship in Catapa.vzw (Ghent, Belgium).

It was a really life-changing experience

for

me and I enjoyed every day of it. First of all, I met wonderful and like-minded people because Catapa is a unique organization that works for environmental justice and gathers around itself conscious and interesting people that shares the same values. During the internship, I conducted research and worked on the development of a legal guide. I wished to do something meaningful and useful for society and I got that at Catapa.

Also, I found very handfull that my internship took place in Belgium as my programme is European Union Law I could visit and even participate in events from EU institutions.

Overall, I spent 5 months on this internship. And I have to admit that is indeed a good amount of time to be involved in the organization's activities and to get to know the culture of a new country.

Change your life with Erasmus+ Traineeship programme.

Regards,
Kamilya
