

*The academic experience was enriching and rewarding.*

My exchange semester in Croatia was an incredible experience that exceeded my expectations in many ways. I had the opportunity to study at Juraj Dobrila University of Pula and immerse myself in Croatian culture, make lifelong friendships, and broaden my academic horizons.

The academic experience was enriching and rewarding. The courses I took were engaging, and the professors were knowledgeable and supportive. I appreciated the emphasis on interactive learning, which allowed me to actively participate in class discussions and develop critical thinking skills. The university's facilities and resources were excellent, providing a conducive learning environment.

Living in Croatia was a delight. The country's natural beauty, with its stunning coastline, historic cities, and breathtaking landscapes, was awe-inspiring. I enjoyed exploring the charming streets of Pula, visiting historical landmarks, and immersing myself in the vibrant local culture. The people were friendly and welcoming, making me feel at home from the moment I arrived.

One of the highlights of my exchange semester was the opportunity to meet fellow international students from all over the world. Interacting with diverse cultures broadened my perspective and fostered lifelong friendships. We often organized trips together, discovering hidden gems in Croatia and creating unforgettable memories.

The support provided by the university's International Office was commendable. From pre-arrival assistance to orientation programs, they ensured a smooth transition into student life in Croatia. They also organized cultural events and excursions, allowing us to experience the country beyond the classroom.

I would highly recommend Croatia as a destination for an exchange semester. The combination of academic excellence, stunning surroundings, and welcoming people makes it an ideal place to broaden your horizons. My time in Croatia has left a lasting impact on my personal and academic growth, and I'm grateful for the opportunity to have had such a fulfilling experience.
