

We help to build world-class scientific conference, corporate meeting or incentive

01

Conference bid assistance

We will help you to produce conference bid documents, identifying strengths of the local association and achievements of the local industry.

04

Venue finding service

We will help you to find the best venues that meet your requirements, recommend service providers and answer all questions related to the organisation.

02

Conference Support Programme

We will provide financial support in organizing international conferences in Vilnius. The support is available for both association conferences and corporate meetings.

05

Marketing and PR support

We will provide you conference marketing support (publicity, video, photos, etc.) to help maximize delegate attendance and experience.

03

Site inspections

We will coordinate and financially support tailor made site visits to unlock the city for conference's representatives during bidding or organizing process.

06

Delegate welcome packs

We will provide Vilnius souvenirs, city publications and maps to the delegates of your conference.
