

Dear students,

We are excited to share that we have launched a brand-new Placement Slovakia website, offering an even better experience for students looking for quality Erasmus+ internships in Slovakia.

The new platform features:

- ◆ A fresh, modern design.
- ◆ Easier navigation and internship search.
- ◆ Updated information about internships and living in Slovakia.

Placement Slovakia continues to provide **free services for Erasmus+ students**, supporting them through every step of their internship abroad. **Free accommodation and other benefits** remain included with every internship offer.

We kindly invite you to share our new website with your students, Erasmus+ coordinators, and career services teams. It is filled with many exciting internship opportunities!

👉 **Visit the new website here: www.placementslovakia.com**

Thank you very much for your continued support!

Kind regards,

Romana Stankovicova
Placement Slovakia Team
