The Embassy of the Republic of Iraq in Warsaw presents its compliments to the Embassy of the Republic of Lithuania in Warsaw and has the honor to announce the launch of an electronic application platform for scholarships for international students, both Arabs and foreigners, to obtain various degrees (masters and bachelor's degrees) in different disciplines under the "Study in Iraq" program. The program includes three types of scholarships: free, semi-paid and self-financed scholarships. For more information, please visit the following link: International Student Admissions Guide <http://studyiniraq.scrd-gate.gov.iq>

The electronic platform contains all the details about Iraqi universities, official links to universities, ways of communicating with them and all the information that allows students to familiarize themselves with the nature of studies in Iraq, as well as the provinces where the universities are located and the programs they offer. Applications will be accepted from April 30, 2025 until the end of June for master's degrees and until the beginning of September for bachelor's degrees.

The Embassy would appreciate disseminating the above information among interested parties in order to persuade Lithuanian students to pursue education at Iraqi universities.

The Embassy of the Republic of Iraq in Warsaw avails itself of this opportunity to renew to the Embassy of the Republic of Lithuania the assurances of its highest consideration.
