

What's new in June 2025?

We are excited to announce that **Placement Slovakia has opened a new application call for Erasmus+ internships starting in Summer 2025**, offering students across Europe the opportunity to gain valuable international work experience in **Slovakia's top international companies**.

What makes this call truly innovative is our **custom-matching approach**: **Students simply tell us what kind of internship they are looking for and will actively search for a tailored opportunity** that best fits their goals.

Our program is:

- **Completely free of charge for students.**
- Includes **free accommodation** during the internship.
- **Fully supported** by our experienced team throughout the mobility.

We kindly ask you to share this opportunity with your students, so they don't miss out on this unique and personalized career experience abroad.

Thank you for your continued support and we look forward to guiding your students through a unique and enriching internship experience in Slovakia.

INTERNSHIPS TAILOR-MADE FOR EVERYONE

Want an internship that truly fits you? Simply sign up and fill out your profile, including your search criteria. Once you do so, you'll activate your personal virtual agent EVA, the smart program who will search a custom offer tailored just for you.

EDOARDO (IT) AND CRISTOBAL (ESP) SHARING THEIR EXPERIENCE - TWO INTERNS, ONE JOURNEY

Different roles and different paths, yet Cristobal from Spain and Edoardo from Italy shared an unforgettable experience of growth. For both, internship in Slovakia became a bridge between student life and the professional world.
