Erasmus+ Mobility for Studies (SMS)

From 2 February 2026 to 25 February 2026, we invite students [to apply](#) for Study mobility for the 2026/2027 academic year, Autumn semester, selecting three universities in order of priority.

The country and university of interest for studies in the Autumn semester 2026 can be chosen [from this list](#).

To study at universities in Programme Countries (mostly EU and associated countries), select "Erasmus+ studies KA131" in the Mobility-Online application. For studies at higher education institutions in third countries not associated with the Erasmus+ Programme, select "Erasmus+ KA171 studies". Choosing "Bilateral Exchange" in the application indicates that students will fund their studies independently.

Applications for Erasmus+ study mobility are open only to students who are enrolled at MRU and physically present in Lithuania, are in the second semester of their first year of undergraduate studies, and, for non-EU students, hold or have applied for a Lithuanian temporary residence permit (TRP). Mobility may take place no earlier than the second year (third semester). More information on the organisation of outgoing study mobility at MRU can be found in the regulations [here](#).

On Wednesday, 11 February 2026, at 4:00 PM, we invite you to join the Erasmus+ online information seminar. The seminar will provide an overview of the opportunities available through the Erasmus+ programme and explain the requirements for participating in student mobility. It will be conducted in English and will be recorded. Access link - [here](#).

If you have any questions, you are welcome to consult the International Office (room I-302), send an email to outgoing@mruni.eu ([preferably from your MRU email account](#)), or call +370 659 60704.

Practical Tips

Check accommodation options early

Check exchange student support
(ESN, students` clubs)

Check if you will need visa

Collect info about VISA and TRP

Foreign Students going for Erasmus+ mobility MUST have TRP (Temporary Residence Permits) of Lithuania and the TRP of Lithuania must be valid during the entire mobility period.

While having a TRP of Lithuania (it proves that you are an outgoing mobility participant from Lithuania) you might also have to apply for relevant permission in the host country (e.g. VISA), if such is a requirement of the host country for incoming students for **longer** than 90 days.

Check if and when you need to apply for VISA and Temporary Residence Permits for studies at the Partner University.

Participating in the Selection Process

Before submitting the application for Erasmus+ studies for the Autumn semester 2026/2027, the student must:

1. Familiarize themselves with the [eligibility conditions](#) for Erasmus+ studies;
2. Select three foreign universities [from this list](#) (in order of priority) where they would like to study during the Autumn semester 2026/2027;
3. Visit the website of the foreign university and:
 - o Review the study subjects offered to ensure they fit the student's study programme and are taught in a language the student speaks.
 - o Check information relevant to incoming exchange students, such as the academic calendar, accommodation options, and deadlines for submitting admission documents.
4. Fill out application [here](#) and submit the application following the detailed instructions [HERE](#) for completing the application in the Mobility-Online system.

The screenshot shows the 'Guide for Outgoing Students' page. It includes the MRU logo, a title 'Mobility-Online Application Guide', and a sub-section 'Step-by-step instructions to ensure successful completion of the Mobility-Online application process for your exchange studies.' Below this are two 'Step' sections: 'Step 1' and 'Step 2'. Each step has a form with various fields. The 'Step 1' form is titled 'Application for a student exchange' and includes fields for 'Type of application' (Outgoing), 'Type of person' (Student), 'Exchange programme' (Agreement for Exchange Studies), 'Academic year' (2026/2027), and 'Semester' (Autumn 2026). The 'Step 2' form is titled 'Personal Details' and includes a field for 'Matriculation number'.

* When filling in the Mobility-Online application, the student can select a university from the drop-down menu after specifying their faculty and study program at MRU.
