

Instructions for Authors:

1. The author should first select an appropriate journal from the list of eligible journals and submit the article through the journal's online submission system, following the relevant [*Instructions for Authors*](#).
2. During the submission process, the author should select the option "**I have another waiver to request or a discount code**" and enter the code "**EIFL**".
3. Authors must apply for the waiver or discount during the **first submission** of the article. This option will not be available when submitting a revised manuscript.
4. Authors will receive confirmation of their discount or waiver request, and the paper will proceed through the standard peer review process. Once the article is accepted for publication, the approved waiver or discount will be applied to the APC.
