

Dear Partners,

Warm greetings from the **University of Cádiz (UCA)**. We are thrilled to announce the launch of the **UCA International Summer School 2026** and would like to extend this invitation to your students.

Our upcoming program features **12 specialized courses** in key fields such as Artificial Intelligence and Marine Sciences. Held across our four campuses, this bilingual experience offers a perfect blend of scientific excellence and cultural immersion in Southern Europe.

We believe this is a fantastic opportunity for your students to broaden their academic horizons in a global environment. Please feel free to share the attached materials with your academic community.

We look forward to welcoming your students to Cádiz this summer!

Best regards,
